

## Helping children discover a love of reading

Open eBooks is an app containing thousands of popular and award-winning titles that are free for children from low-income households. These eBooks can be read without checkouts or holds. Children from low-income families can access these eBooks, which include some of the most popular works of the present and past, using the Open eBooks app and read as many as they like without incurring any costs. The goal of Open eBooks is to encourage a love of reading and serve as a gateway to children reading independently even more often, whether at home, in the library, or through other eBook reading apps.

# Open eBooks FAQs

## How does Open eBooks work?

Adults who work with children in need through libraries, schools, shelters and clinics, out-of-school programs, military family programs, early childhood programs, and other capacities can qualify for credentials for Open eBooks by first signing up with First Book. Title I schoolwide programs using Clever can turn on the app from their dashboard to grant students access. Readers can download the app to their individual devices (currently available on iOS and Android) and use their login credentials to start enjoying Open eBooks.

## What eBooks are available?

Open eBooks offers unprecedented access to quality digital content curated by professional librarians for K-12 readers. Content contributions from major publishers include Bloomsbury, Candlewick, Cricket Media, Hachette, HarperCollins, Lee & Low, Macmillan, National Geographic, Open Road, Penguin Random House, and Simon & Schuster, who made commitments providing thousands of popular and award-winning titles. To browse the available titles, visit our online web catalog.

## How do I get started?

Direct a teacher, librarian, or administrator to [www.openebooks.net/getstarted](http://www.openebooks.net/getstarted) to learn more about how to register.

Open eBooks is a coalition of literacy, library, publishing and technology partners: founding nonprofit partners the Digital Public Library of America, The New York Public Library, and First Book; educational technology company Clever; and content support provided by digital books distributor Baker & Taylor. This effort is made possible by generous commitments of publishers with funding support provided in part by the Institute of Museum and Library Services and the Alfred P. Sloan Foundation, and supports President Obama's ConnectED Initiative.
